

MINUTES
ANNUAL MEETING
WILKINSON WOODS HOMEOWNERS ASSOCIATION
April 4, 2023

The Annual Meeting was held at the community room at the library. A list of those attending is available.

The meeting was called to order at 7:00.

Brenda Cicerelli had asked Brandon Ortiz from Leon County Sheriff Department to give a presentation on setting up a community crime watch, which he explained thoroughly. She asked those who are interested in participating to leave their names for her to contact.

Old Business: President Mike Buckley addressed complaints about the county's work putting gravel on our road. Residents are complaining, and Mike agreed, that the work was done properly from Meridale to Quentin Kelley's property; from there to the pavement there was no road base and the gravel was spread skimpily. He had met with the county engineer who told him the work was complete and reminded him that the work had been done at no cost to the community.

Even though the road has been graveled, the school bus system is still refusing to pick up students on rainy days. Mike suggested that parents contact our county commissioner Bill Proctor.

Speeding and aggressive driving causing damage to the road continues to be a problem. Mike is studying ways to enforce speed limits.

Board members are rotating using the tractor to maintain the roads. Fill dirt is needed on chronic problem spots on Felicia Lane and the end of Christina Road.

Arrangements have been made to install a security camera but the board is still looking for an electrician to sign off on the work.

New Business: A vacancy on the board of directors was created by the resignation of Kris Lonkani. Nominations were opened from the floor, Todd Challus was the only nominee and was duly elected.

The board members convened to choose officers, all current officers indicated willingness to serve another year.

There being no further business, the meeting was adjourned at 8:25 p.m.

Respectfully submitted,

Judith Stricklin, Secretary
